

# NOVA SCOTIA PROGRAM OF STUDY DRYWALL FINISHER & PLASTERER

Based on the Red Seal Occupational Standard

NSCS V1 | 2023

## Nova Scotia Apprenticeship Program of Study

**Drywall Finisher & Plasterer** 

#### Acknowledgements

The Nova Scotia Apprenticeship Agency (Agency) wishes to acknowledge the contributions of trade advisory committee members, tradespersons, industry establishments, professional associations, labour organizations, training providers, government departments and agencies, and all others who contributed to this publication.

Special thanks is offered to the representatives who contributed greatly to the original draft of the standard and provided expert advice throughout its development.

## Program Structure

#### Level 1

| Code     | Learning Modules |   | Learning Outcomes   |
|----------|------------------|---|---|
| MENT-700 |                  | 1 | Demonstrate knowledge of effective communication practices as a mentor.   |
|          |                  | 2 | Demonstrate knowledge of strategies for learning skills in the workplace.   |
| DFR-105  | DFR-105 Safety   | 1 | Demonstrate knowledge of personal<br>protective equipment (PPE) and safety<br>equipment, their applications,<br>maintenance and procedures for use. |
|          |                  | 2 | Demonstrate knowledge of maintaining a safe work environment.   |
|          |                  | 3 | Demonstrate knowledge of regulatory requirements pertaining to safety, PPE and safety equipment.  |
| DFR-110  |                  | 1 | Demonstrate knowledge of hand tools,<br>their applications, maintenance and<br>procedures for use.  |
|          |                  | 2 | Demonstrate knowledge of power tools<br>and equipment, their applications,<br>maintenance and procedures for use.                                   |
|          |                  | 3 | Demonstrate knowledge of access<br>equipment, their applications,<br>maintenance and procedures for use.  |
|          |                  | 4 | Demonstrate knowledge of lifting<br>equipment, their applications,<br>maintenance and procedures for use.   |

| Code    | Learning Modules              |  | Learning Outcomes  |
|---------|-------------------------------|--|--|
|         |                               | 5  | Demonstrate knowledge of regulatory requirements pertaining to access and lifting equipment.   |
| DFR-115 | DFR-115 Common Work Practices | 1  | Demonstrate knowledge of products and materials, their characteristics and applications.   |
|         |                               | 2  | Demonstrate knowledge of procedures to handle, mix and store products and materials on-site.   |
|         |                               | 3  | Demonstrate knowledge of procedures to determine materials and equipment needed for project tasks.                                     |
|         | 4                             | Demonstrate knowledge of procedures to prepare and visually inspect the work site. |  |
|         |                               | 5  | Demonstrate knowledge of requirements<br>and procedures to clean site and verify<br>work completion.                                   |
| DFR-120 | Drywall Taping                | 1  | Demonstrate knowledge of tapes and compounds, their characteristics and applications.  |
|         |                               | 2  | Demonstrate knowledge of procedures to<br>apply compound and tape to fire-rate<br>(fire-proof) and gas-proof (smoke-seal)<br>surfaces. |
|         |                               | 3  | Demonstrate knowledge of procedures to embed tape.   |
|         |                               | 4  | Demonstrate knowledge of procedures to install beads and trim.   |

| Code    | Learning Modules               |   | Learning Outcomes   |
|---------|--------------------------------|---|---|
|         |                                | 5 | Demonstrate knowledge of procedures to apply multiple coats of compound.  |
|         |                                | 6 | Demonstrate knowledge of procedures to scuff-sand between coats.          |
| DFR-125 | DFR-125 Drywall Finishing      | 1 | Demonstrate knowledge of procedures to apply a level 5 finish.            |
|         |                                | 2 | Demonstrate knowledge of procedures to assess work and perform touch-ups. |
|         |                                | 3 | Demonstrate knowledge of procedures to perform final sanding.             |
|         |                                | 4 | Demonstrate knowledge of procedures to perform wet sanding.               |
| DFR-130 | DFR-130 Repair and Restoration | 1 | Demonstrate knowledge of troubleshooting procedures.                      |
|         |                                | 2 | Demonstrate knowledge of procedures to seal drywall surfaces and stains.  |
|         |                                | 3 | Demonstrate knowledge of procedures to repair drywall.                    |
|         |                                | 4 | Demonstrate knowledge of procedures used to repair plastered surfaces.    |
|         |                                | 5 | Demonstrate knowledge of procedures to restore textured surfaces.         |
|         |                                | 6 | Demonstrate knowledge of procedures to restore mouldings.                 |

#### Level 2

| Code     | Learning Modules |   | Learning Outcomes   |
|----------|------------------|---|---|
| DFR -200 | Program Review   | 1 | Demonstrate knowledge of the<br>Occupational Standard and its<br>relationship to the Red Seal Exam.     |
|          |                  | 2 | Demonstrate knowledge of overall<br>comprehension of the trade in<br>preparation for the Red Seal Exam. |

#### Level 3

| Code     | Learning Modules         |   | Learning Outcomes   |
|----------|--------------------------|---|---|
| MENT-701 | Mentoring II 1           | 1   | Demonstrate knowledge of effective communication practices as a mentor.                                 |
|          |                          | 2   | Demonstrate knowledge of strategies for teaching workplace skills.                                      |
| DFR-305  | DFR-305 Program Review 1 | Demonstrate knowledge of the<br>Occupational Standard and its<br>relationship to the Red Seal Exam. |   |
|          |                          | 2   | Demonstrate knowledge of overall<br>comprehension of the trade in<br>preparation for the Red Seal Exam. |
